COALVILLE TOWN 2

ALLEXTON NEW PARKS 0

Coalville Town Women claimed the three points as they faced Allexton and New Parks

Women in their first home league game of season. With Allexton unbeaten in the Leicestershire Women's and Girls Football League Division One ahead of this contest, the Ravenettes knew this was going to be a tough game.

The visitors to the Street ground proved to be a challenge for Coalville and had plenty of chances, but neither side were deadlock before half-time whistle.

Ravenettes found a way through in the second half as both Siobhan Mullen and Chloe Scott were on target as Coalville moved up to fifth in the table.

# 3G PITCH DEVELOPMENT TO BEGIN

Coalville Town FC have secured funding from the Football Foundation following a successful application for a 3G pitch at Owen Street. The bid and fundraising has been lead by the junior, youth, girls and inclusive section.

This with the previous successful planning application means building of the 3G artificial grass pitch will start in the next few weeks. The pitch will be on the car park side of the ground where the current development pitch is. For clarity the main stadium pitch will remain as a grass surface.

This is great news for the 900 junior, girls youth & inclusive players at the club. The pitch will also be used by our Men's and Women's first teams for training making it a real Coalville Town football hub.

The community of North West Leicestershire will also benefit from the £1million plus investment as Owen Street is transformed into a sports hub open 7 days a week and will also create a number of full time jobs. Coalville Rugby Club and other football teams/groups will also be using the pitch with some exciting new opportunities becoming available for local people.
